1. Who can do what I can do? No one.
2. My power extends to the heavens, into hell. Is there one?
3. Who can be me and extend my power heavenward extensibly?
4. I love you.
5. No one? Or all one? I love you all.

6. Who can see the morrow not, but today now today'd this day is/being? Who can want my questions to continue/end and **who wanteth my words** to die for them, **having them in them already,** dying to get them out, eat them, see/flow them, ingest them; and burn them for fuel, not; but my word is light life and powerfuel. I love you.

7. See my ingestments, not; vestments, not; transparency real, true, **accuracy'd, spinning with no shadow or variableness.** I love you all.

8. Who can see the meons in me and what wherefore have you been before? I love you.

9. Who conceals/congeals and what now wherefore must all so in language be that speaks/talks of many things at once; and clear not, clear and for all to see. I love you.

10. **Who can** speak my word, be my word, ingest my word, **let my word come out of them**, **through them to others, redeeming the world,s?** I love you all.
11. All, who want to **die in this life bringing forth death to death.**
12. See what I have said/say.
13. I love you all.

14. Death dies, watch me.

15. Exalt the sinner, not; surrenderer.
16. Lift the fallen who bow/on their knees surrender and die/holding nothing back, surrenders all in me and what now I do-eth with those/them? Watch me elevate, escalate, walk into/onto halls of power/progress.

17. I love you.
5:24pm.

18. Watch me lift the fallen who now come to me saying they're sorry, not; but believing in me, not; believing in, surrendering in/to surrender, seeing and knowing all,

not; but **piercing the veil of not-me so that it exists no more, time immemorial backwards and forwards. Watch me eat my words, not; but those who do become me.**

19. I lovest thee deeply/you more.

Me.

20. Alone not; I forsake you not; forsaken not; alone in me, not; alone at all, not. Perfect peace'd and all at once all changes, not; everything does, for you, my child, not; but maturing matured and mentioning others, not; but maturity serving them on trays of death, not; but you, dead, resurrected into life, mine; now serving them their-my life, my life ours; our oneness laid bare before them for all to see, and choose they will, many. **And not-me won't exist. I love you all. The kingdom one'd and father pleased. All thing now/then under our feet.**

21. See what I've said so freely, unengenderingly, not; engendering my all.

22. I love you deeply/more each day that thou rejects, resists me not but yield ever more so to **surrender that brings surrender front center; salvation not; surrender** to my/our/their father. **We all have one father. We are him, surrendered/in surrender.** I love you all.

Me.

23. Think not of another time, space; for all I have I've given and thou now needest me, not; thou art me. See what I've said/honored; father alone. In him, all things; everlasting peace tranquility; and whoso can see the stars shine as intended/once did? I love you all.

24. This is the/my moment. Shrink not back from everlasting joy, the angels sing; glorious chords of harmony come forth flesh'd not flesh but mine only, robed only in me. I love you all.

25. Glorious day, glorious harmony; one note: me.
26. I am universe/universes and now seen throughout all, watch me-us grow. I love you all.

27. Ted my friend, I love you/think you're swell. Swell my body; at large, not; largesse of only me surrendered to each other/father, one.
28. Swell my tide,s and tides recede at your command, obeying my our every word/thought. I love you.
29. Watch me/us. We are one. With father, one. One father, father one. We are one with our father, friend.

30. Rejoice. **Accolades and honor is thy name I've given thee.**
31. **Wear it me proudly humbly and meekly surrenderingly, loving the/every outcast and would be listener evaluater of not-me, not; but me, hearing/seeing you.** I love you.
32. Bow/bowing before all.
33. Thank you. Amen.
34. Amen.
35. Amen again and again.
36. It is.
37. Now.

Me.
